Weekly Supervision

Every intern is assigned an internship supervisor who provides weekly supervision

Training Opportunities

Attend NASP approved trainings throughout the year and weekly didactics on a variety of school psychology related topics

Group Supervision

Attend weekly group supervision with your internship cohort led by GCS Psychological Services leadership

School Experience

Opportunity to work independently at one assigned school with supervision of work

DISTRICT

Guilford County Schools (GCS) is the third largest district in North Carolina serving nearly 70, 000 students across 126 schools in urban, suburban, and rural areas. Tucked away in central North Carolina, GCS is demographically and academically diverse.

OUR TEAM

GCS School Psychologists are highly trained specialists in human growth and development, educational psychology, mental health, MTSS, learning, and behavior. Our close to 50 school psychologists promote the application of research-based psychological principles to assist in program development, instruction, and evaluation.

SPECIALTIES

Opportunities to showcase your specialties and increase professional development through involvement in our departmental teams. These include: Autism, Crisis, Equity & Inclusion, Preschool, MTSS, Public Relations, Advocacy, Research, Traumatic Brain Injury, and Social Committee.

ROTATIONS

Throughout the year, interns rotate through supervised learning experiences with special populations (preschool, English language learners, public separate schools, and those receiving mental health treatment). Supervision during rotations is provided by school psychologists with expertise in these areas.
